

CAPABILITY STATEMENT

KEY DIFFERENTIATORS

- **Advanced Agile IT Project Management**
- **AI R&D and Cyber Security PM Services**
- **We Provide Real-Time Status Metrics**
We combine custom Power BI progress-reporting tools with certified Scaled Agile Framework (SAFe) Agile Coaching to monitor and stop program slippage before it begins.
- **We Are a Dual-Threat Expertise**
Rare market blend of certified Release Train Engineers (RTE), experienced High-level Agile Coaches / Enterprise Agile Coaches and Scrum Masters paired with deep, hands-on IT Technical Project Management (TPM), and IT infrastructure virtualization.

CORE COMPETENCIES

Logical Solutions Consulting Services, LLC - (LSCS) delivers Enterprise Agile leadership, AI R&D Services, and Datacenter cloud modernization solutions that eliminates technology stagnation—proven by reducing client data latency by up to 38%.

Agile Transformation & Leadership: PI Planning, Project schedules, Resource plans, Budget controls, Risk management, and Change control.

PAST PERFORMANCE

Client: Archer Daniels Midland (ADM) (Commercial) **Scope & Value:** Cloud Data Migration & Financial Systems Consolidation | \$45M Impact. **The Mission:** Upgraded antiquated enterprise financial architectures and consolidated disparate regional currencies into a singular reporting node. Led 7 concurrent Scrum teams to migrate EDW, Data Lake, and Data Mart environments into the cloud. **The Outcome:** Using Azure DevOps (ADO), LeSS (Large-Scale Scrum), Kanban, and Scaled Agile Framework (SAFe), Improved overall Financial Reporting velocity by 51%.

Client: Huntington National Bank (HNB) **Scope & Value:** Upgrade legacy enterprise banking systems & Migration of core banking data platforms to cloud | \$25M Impact. **The Mission:** Coach Product Owners (PO), Business Analysts (BA), and delivery teams on Agile roles and execution. **The Outcome:** Using Azure DevOps (ADO) and Lean IT, Reduced reporting latency time by 38%.
